For those wanting to investigate the Christian faith:

Christianity Explored & Life Explored are two things we run from time to time and over seven sessions. Please ask for more information.

At Life Explored we look into some of the ways we try to find happiness and we ask the question: 'are we looking in the right place?' At Christianity Explored we consider the person of Jesus, who he is, what he came for and what it means to follow him. It might just be the best news you've ever heard.

For those wanting a simple introduction to discipleship:

Just for Starters and Discipleship Explored are short courses that we sometimes run, examining the basics of living the Christian life - often as follow up to Christianity Explored.

For those who want to get to grips more with their Bibles:

The Moore College Correspondence Course is an opportunity to study the Bible in more depth in a small group.
